EC155 B1.3 Licensed Aircraft Engineer

Location: Oxford, United Kingdom

Employment Type: Permanent / Contractor (shift patterns available)

Department: Engineering

Reporting to: Rotary Engineering Manager

Overview

We are seeking a skilled and motivated **B1.3 Licensed Aircraft Engineer** with type rating on the Airbus Helicopters EC155 to join our growing maintenance team. The successful candidate will be responsible for ensuring the airworthiness, safety, and reliability of our rotary-wing fleet in accordance with UK CAA and EASA regulations.

Responsibilities

- Carry out maintenance, inspection, and repair of EC155 helicopters in line with approved maintenance data
- Certify work within the scope of B1.3 licence privileges
- Perform scheduled and unscheduled maintenance, including defect diagnosis and rectification
- Ensure compliance with UK CAA Part-145 / Part-CAMO requirements
- Complete all maintenance documentation accurately and in a timely manner
- Maintain high standards of safety, quality, and housekeeping

Requirements

Required Qualifications & Experience

- UK CAA Part-66 B1.3 Aircraft Maintenance Licence
- Valid EC155 type rating (essential)
- Proven experience working on Airbus Helicopters products, ideally EC155
- Strong knowledge of Part-145 regulations and maintenance practices
- Ability to work independently and as part of a team
- Right to live and work in the UK

Desirable Skills & Experience

- Additional type ratings (e.g. A109,H175)
